

Delta Engineering – Electrical Assembler

Electrical Assembler

As an **Electrical Assembler**, you will play an essential role in assembling, installing, testing, and maintaining electrical and pneumatic wiring, as well as connecting electrical panels for our equipment. You will have the opportunity to use your analytical mindset to interpret complex technical schematics, troubleshoot potential electrical issues, and ensure each installation complies with the highest industry standards. Working in close collaboration with the engineering team, you will contribute to optimizing assembly processes within a dynamic environment that encourages continuous development, learning new technologies, and adopting industry best practices.

Responsibilities:

- Assembles, installs, tests, and maintains electrical and pneumatic wiring, equipment, and installations.
- Connects and tests electrical panels.
- Interprets and follows technical drawings, schematics, and manuals to ensure correct assembly.
- Identifies and troubleshoots electrical issues.
- Collaborates with engineers and other team members to improve assembly processes and system design.
- Participates in training sessions to stay up to date with new technologies and best practices.

Your profile:

- Professional or technical vocational training in the electrical field.
- Solid understanding of electrical schematics, diagrams, and manuals.
- Ability to read and interpret technical documents and drawings.
- Proficiency in using hand and power tools used in electrical assembly.
- Attention to detail and commitment to quality and safety standards.
- Ability to work both independently and as part of a team.
- Strong problem-solving skills and ability to troubleshoot electrical systems.
- An intermediate to advanced level of English is considered an advantage.

Our Offer:

- We offer an exciting job in a collaborative, growth-oriented work environment.
- Private health insurance at Regina Maria (upon completion of the first 3 months).
- Free transportation provided from Baia Mare and Seini.
- Meal tickets worth 40 RON/worked day.
